

PROFESSIONAL BUILDING CODES OF CONDUCT

As patrons of Edina & Eden Prairie Kumon Math and Reading Centers, we have read and explained the building codes of conduct to our children attending classes at the center, and agreed to abide by the following codes of conduct in the professional buildings where the classes are being conducted:

1. The building hallways and stairwells are not waiting areas. Therefore, waiting, loitering, littering, sitting or running in those areas inside the professional building is not permitted.
2. Respect all tenants and their patrons in the use of the building. Excessive noise or use of cell phones in the hallways and stairwell by the elevator is not permitted.
3. Speak quietly and silent your cell phones while in the Kumon waiting areas.
4. Parents, who do not want to use our waiting area, must return in time to pick up their children after they have finished their class. The class time is nominally 30 min. for one subject and 60 min. for two subjects.
5. Students waiting to be picked up must stay inside our premise.

Violation of the above building codes of conduct after two written warnings from us will result in discontinuance of class attendance at the Edina & Eden Prairie Kumon Math and Reading Centers.

Dr. SK Lo

Director

Edina & Eden Prairie Kumon Math and Reading Centers
